**Rules and Regulations of Infinity Cemetery LLC ∞ 03/21/2018**

1. Infinity Cemetery is a place of peace, harmony and great natural beauty, where remains can finally rest in peace, forever. Only Green Burials are allowed at all Infinity Cemetery Burial Sites.
2. A Green Burial Space will be used only once, for the burial of remains delivered to Infinity Cemetery. By prepaid arrangement adjoining burial spaces may be reserved. Pets are allowed.
3. After burial, all Green Burial Spaces are fully restored to their natural condition, and are soon essentially invisible, with no separation from the surrounding beauty. The remains are thus completely returned to nature, and are maintained solely by Infinity Cemetery LLC, in the natural pristine condition of typical wildland of their location – with only native vegetation. No non-native vegetation transplants are allowed.
4. No surface markers or memorials of any kind are allowed within Infinity Cemetery to differentiate graves from the surrounding undisturbed, pristine environment. Infinity Cemetery LLC privately records the exact location of each Green Burial Space with latitude and longitude coordinates, to prevent reuse.
5. Visitors to the general area of the Green Burial Spaces are welcome, but by prior appointment only. Visitors must be physically fit and capable of navigating the steep, mile-high elevation, mountainous terrain and rough ½ mile loop hiking trail on foot. The Infinity Cemetery Staff reserves the right to refuse access to anyone at any time for safety reasons.
6. Infinity Cemetery is a vibrant, thriving natural community and wildlife habitat Nature Preserve, on steep mountainside terrain that includes virgin Douglas-fir forest, aspen woodland, shrubs and grassland. Visitation is limited by appointment to respect the wildlife habitat. There are resident moose, elk, two species of deer, black bears, bobcats, mountain lions and many other native species on the property. All visitors are respectfully requested to please keep to designated trails and visitor areas, silence electronic devices and to please keep all pets on leash at all times.
7. Included with each Conveyance of a Cemetery Burial Privilege is one optional Virtual Online Memorial Page of up to 100 MB, in the name of the deceased, to be hosted as a permanent memorial or tribute to the deceased by Infinity Cemetery LLC at infinitycemetery.com. The use of a Memorial Page is subject to moderation by Infinity Cemetery LLC. Toxic, offensive, illegal and abusive content will be removed without notice. For security purposes, all Memorial pages will be locked after 90 days from initial creation, but may be unlocked upon verified request by designated Clients or assigns, for editing or revision, for a period of one year. After one year the initial memorial page will be locked and preserved forever. Additional information may be added to a locked Memorial Page by Clients or designated heirs or assigns, up to a maximum of 100 MB, by arrangement with Infinity Cemetery. Please contact us as needed at: [director@infinitycemetery.com](mailto:director@infinitycemetery.com) or 406-585-1818.
